

# \$600,000 FOR GARY M. E. CHURCH

News of Coming Building Will  
Be Made Public at the  
Service Tomorrow.

Within the coming year one of the largest and most costly Methodist churches in the entire state is to be erected in Gary. The proposed site is at the corner of Sixth avenue and Washington street.

Expenditures amounting to a sum of \$600,000 to \$750,000 will be involved in the project, it is understood.

From reliable information received this morning it is said that announcements are to be made at the regular morning service at the Methodist church at 7th avenue and Adams street Sunday morning, relative to the construction of the beautiful new edifice.

For months officers of the church have been secretly making plans for its erection and the selection of a site in the downtown district. Tentative plans are now under consideration and it is understood that they will be completed in detail within a short time.

Positive action has been taken to build within a short time. The Gary Land Company who own the proposed site, the United States Steel Corporation and the Methodist Centenary are cooperating with the Methodist church officers in the construction of the new house of worship. It is understood that it will be a building calculated to meet the demands of the downtown district, worthy of the city and church.

Although the news is not authentic, it is said that it is hoped to make the new edifice self-supporting which infers that a number of handsome business buildings will probably be erected in the near vicinity of the church.

The church building will be most modern in every detail.

## ADD METHODIST CHURCH STORY

Besides the spacious and commodious quarters where the regular services will be held, there will be a large auditorium, an educational department, class rooms, dining rooms and other departments necessary in the construction of a modern house of worship.

Within the past year, the Methodist church in Gary has had an increase of more than 500 members, which makes it necessary to provide a more commodious and up-to-date edifice. The Extension Society, a Methodist body, reaching over the entire world will supervise the plans of the building it is understood.

## COX MAKES CHARGE 'GAINST GERMAN LEADERS

By HARRY L. ROGERS

(STAFF CORRESPONDENT I. N. SERVICE)  
EN ROUTE WITH GOV. COX, DENVER, Colo., Sept. 25.—Gov. James M. Cox indicated today before beginning a day of campaigning in northern Colorado and Wyoming that he is preparing to charge that German leaders in this country are backing Senator Harding in the hope of obtaining "easier peace terms for Germany."

"Have you noticed," he asked, "that the leader of the pro-Germans in New York is going to support Senator Harding because he believes the republican candidate stands for a separate peace with Germany? He thinks that when that is made Germany will be able to obtain easier peace terms."

Gov. Cox did not name the "leader of the pro-Germans" to whom he referred. From those close to the democratic candidate, it was learned that the investigation is being made of reports received by him that the republican leaders have lined up the German press in this country back of Senator Harding by claiming that the republican candidate intends to "scrap the league of nations."

Gov. Cox was to speak today at Greeley, Colo., and at Laramie and Cheyenne, Wyo. His schedule calls for spending Sunday at Cheyenne.

While at Denver, Gov. Cox replied to Senator Harding's recent statement on the Irish question.

"Senator Harding says it is not a question for official America, but he says we voted an expression of sympathy for Ireland," the governor said. "The senate did vote such an expression of sympathy, but the senate dodged the roll call."

Cox was cheered in his address here last night when he declared that "the name of Woodrow Wilson will be repeated by the school children long after the name of Henry Cabot Lodge is buried in oblivion."

Mention of Lodge's name brought hisses.

## WHITING COUPLE IN DIVORCE COURT

Although Aaron E. Sherer and Luella Sherer had been married since June 22, 1912, Mrs. Sherer never publicly assumed her husband's name. In December of the same year she disappeared and Mr. Sherer has grounds for believing that she deserted him and will never return. He lives at 412 119th street, Whiting.

Today he filed suit for divorce in the Hammond superior court. From the very first, he says, she showed no affection for him and insisted upon going under an assumed name. In December she went to a Whiting bank drew out all of her husband's money and fled. Sherer has never heard from her and does not know where she now is. His attorney is J. H. Fetterhoff.

## Sheriff Prevents a Lynching

VALPARAISO, Ind., Sept. 25.—Quick action on the part of Sheriff William Forney yesterday afternoon probably prevented a double lynching at Chester, this county, when the official succeeded in spurring Edward Schlenker and Edward Simmons, Michigan Central railroad detectives, from the room in which an inquest into the death of John McFarland, shot and killed by one of the detectives Thursday night, and placed them in jail. A mob of 300 had gathered about the morgue, in which the inquest was being held and many of them are declared to have carried ropes and talked freely of lynching the detectives.

**Thought Victim Robber.**  
McFarland was shot at Porter, after the detectives had mistaken him for a holdup man, they declare. McFarland is said to have believed the detectives who were guarding a whiskey train were holdup men as they approached his automobile, and he opened fire on them with a revolver. At the inquest, held after Anna McFarland, a negroes employee in Chicago hotel, declared she was the wife of McFarland. She said McFarland also is a negro and that they were married at Nashville, N. C., March 21, 1916. She also said they had a 2-year-old son. McFarland's second wife is a white woman. The negroes said she knew McFarland had a white wife.

Al Joy, greatest sporting writer of the coast, telegraphs:

"'Big Jim' is without doubt the greatest base ball preacher in the world. Many fans place him ahead of Billy Sunday and call him King of Diamond Evangelists. For more power to Dr. Kramer and the national game."

A. C. JOY, Sporting Editor, San Francisco Examiner.
